MUHAMMAD FAKHRI RIZKIAN

Junior Web Developer

fr-nextfolio.vercel.app 085842517974 moh.fakhri341@smk.belajar.id

Bogor, Indonesia

SUMMARY

Technology enthusiast experienced in web development, UI design, and digital projects. Built web applications using React, Next.js, and Laravel, while creating interface designs with Figma and Canva. Strong adaptability, problem-solving, and continuous learning mindset.

STRENGTHS

Frontend Development & UI Implementation

Developing responsive websites with modern UI practices.

Leadership, Collaboration & Team Coordination

Working effectively in teams with initiative and adaptability.

PROJECT EXPERIENCE

2025 - 2026
Bogor, Indonesia

Frontend Web Development Projects (React & Next.js)

SMK TI BAZMA

Developed 8+ frontend web projects using React and Next.js, focusing on building responsive, interactive, and user-centered interfaces while applying modern web development practices.

- Built multiple applications including task management systems, e-commerce interfaces, dashboards, and API-based apps
- Implemented component-based architecture to improve code reusability and scalability
- Integrated external APIs and handled dynamic data rendering using JSON
- Applied responsive design principles using CSS and Tailwind CSS
- Developed interactive features such as search, filtering, and drag-and-drop functionality
- Deployed projects to production using Vercel

2025 - 2026
Bogor, Indonesia

Authentication & Backend Integration (Laravel & Firebase)

SMK TI BAZMA

Developed authentication systems and backend logic for web applications, focusing on user management and secure data handling.

- Implemented login, registration, and session management using Laravel
- Applied MVC architecture for structured backend development
- Integrated database for user data storage and validation
- Explored authentication using Firebase for modern web apps

2025 - 2026
Bogor, Indonesia

UI Design & Prototyping Projects (Figma & Canva)

SMK TI BAZMA

Designed multiple user interfaces and prototypes, focusing on usability, layout structure, and visual hierarchy.

- Created UI designs for dashboards, mobile apps, and web interfaces
- Translated design concepts into functional web implementations
- Applied design principles such as consistency, spacing, and typography
- Used Figma and Canva for rapid prototyping and visual exploration

EDUCATION

07/2023 - Present

Information Systems, Networks, and Applications

SMK TI BAZMA

Focused on web development, networking fundamentals, and system implementation through hands-on projects and practical learning.

ORGANIZATION EXPERIENCE

Student Council President

SMK TI BAZMA | Nov 2024 – Oct 2025

- Led student organization programs and coordinated multiple school activities
- Managed team collaboration, planning, and task delegation across divisions

Dormitory Supervisor (Mudabbir Asrama)

SMK TI BAZMA | Sep 2025 – Present

- Supervised daily student activities and maintained discipline within dormitory environment
- Strengthened responsibility, communication, and conflict management skills

Project Lead – Monthly Report OTA

SMK TI BAZMA | May 2025 – Jan 2026

- Coordinated project workflow and reporting activities with team members
- Ensured project timelines and deliverables were completed efficiently

TECHNICAL SKILLS

Frontend Development

HTML, CSS, JavaScript, React.js, Next.js

Backend Development

Laravel, Node.js (Basic), Express.js

UI/UX & Design

Figma, Canva, Wireframing, UI Implementation

Tools & Environment

Git (Basic), JSON Handling, Linux Environment

ACHIEVEMENTS & DEVELOPMENT

UI/UX Design & UX Writing — DigiSkill Short Class — 2025

Learned interface design fundamentals, wireframing, and user-focused digital content creation.

Cyber Security Course — 2025

Completed introductory training in cybersecurity concepts and digital security fundamentals.

Data Science Explorer — 2024

Explored basic concepts of data analysis and data-driven problem solving.

Leadership Training Program — Kopassus — 2023

Completed three leadership programs emphasizing discipline, teamwork, and leadership skills.

The Amazing You 5 — ESQ Corp — 2025

Focused on leadership mindset, teamwork, and personal growth development.

Public Speaking Training — 2025

Strengthened presentation, communication, and audience engagement skills.

DQLAB Basic Excel — 2024

Learned basic spreadsheet functions, data processing, and Excel fundamentals for analysis tasks.

LANGUAGES

Indonesian — Native

English — Elementary / Basic
